

July 2017

Dear Friends and Supporters:

Our return date to Argentina will soon be here! On August 8<sup>th</sup> we fly back to Argentina! This is an exciting event for us and we return full of excitement for the great things God has done. We will start packing our suitcases and army bags in the next few days. We have been greatly blessed with lots of clothing and many misc. household items. We received many donations of items and we will have the time of our life trying to get all these blessing into our bags for a safe arrival to Argentina. We thank you for all the donations received! We have been able to shop at Goodwill and purchase clothing for the next few years. Plus, we were able to purchase curtains, sheets, blankets, and towels for our house! We truly have been blessed!

A great burden on my shoulder is the house needs that we have. We would like for you to pray for these needs. After talking to Pasto Joe Brown our sending pastor and other Pastors we have decided to send a letter out so you can be aware and pray for these needs. The pastors that

I talked to have been praying and giving towards these needs.

We return to Argentina full of the blessing of God upon our live! God has always been good to us and is good all the time! We praise the Lord for you our prayer warriors!

Here to serve,

Brian R. George and Family

Please visit our web page www.ByFaithLetsGoForward.com in order to get more info about donating towards this need!!

"The just shall live by faith." Romans 1:17 Celebrating 20 years in Argentina 1996 - 2016

## Current Needs to Fix Up – George Family House in Tucuman – Argentina

During 2012, we were able to purchase a house out in the country about 10 miles from the city. My Uncle Lyle Snakenberg gave us a loan to help

us purchase this house. <u>As of September of 2016, this loan has been</u> completely paid off. Praise the Lord there is no debt on the house now!!

The house that we purchased was abandoned for over 30 years. It was not in very good shape. We had to take off the old roof all the way to the rafters and put on a new one. We also put in all new water pipes and all new electrical installation. The house sits on 6.5 acres of land with lots of fruit trees. We praise the Lord for what God has given to us!

During January of 2015, we suffered an electrical spike (surge) that burned up our main AC unit – refrigerator – all the house fans – and damaged our washing machine. All these items need to be reemplaced.

Missions Agency 507 State Street Hammond, IN 46320 www.fbmi.org 219.228.2850

To solution the problem we need to install a large current stabilizer to eliminate spikes. The house that we have is less than an adequate house. Our prayer is that we can get the needed items so we can concentrate on the work of church planting and training of national pastors!

I was able to get some council from Pastor Joe Brown our home and sending pastor. He has asked me to send this list to our prayer warriors and supporters. Pastor Brown wants you to pray and be aware of these needs.

This list is in US Dollars! It cost a lot more to purchase these items in Argentina. I had to estimate some of the prices but tried to do my research and get the price right. It is not practical or advisable to ship these items from the US to Argentina.

You are welcome to come and help us install these items and rejoice in the Lord for the great things he has done!
